Go to [MM Auctions Online](http://MMAuctionsOnline.com), mmauctions.online and you can find it under current auctions at that link. Click on "[How it Works](#)" to get started or call with questions. We would love to help just give us a call @ 877-725-3636. There will be only a .04% online buyer's fees and a 4% convenience fee to pay by credit card. If you pay by e-check, there is NO fee. Once registered to bid, please email a copy of your driver's license to info@mmauctionservices.com. Once we have confirmation, we will then approve you to bid online and send you an email confirmation. Please know that all online bidders must be registered by noon the day before the sale.

How online bidding works:

1. Please note: Anyone can watch the auction without registering to bid.^[SEP]
2. Go to the website (www.mmauctions.online), click on current auctions, click login at the top, choose log on or new bidder. You will need to create a HiBid account if you don't have one already with an email address and password. You only need to do this once so remember your info. 3. Then register to bid for Royal Crown Horse Sale. Scroll down to the sale and black button that reads "Register to Bid". This is where you will enter all your information including credit card to be authorized. It will only charge your card \$1 for authorization then refund it within 7-10 days.
4. Sale will be live within an hour before the sale starts.^[SEP]
5. You can bid live while the horse is selling OR^[SEP]
6. Place a max bid any time before the sale starts (Pre-bid). Your max bid will not be visible to other bidders. The system will automatically bid for you against other bidders by set increments but not past your max bid. This may be the best choice if you don't have high speed internet service. However, you can still be online live just in case the horse happens to go past your max bid and you want to bid again. At that point, you click to bid. It's really pretty simple.

7. Note: Bids can NOT be retracted once they are placed.
8. High Speed Internet Required for “Live Only Bidding”.
9. Make sure to get on your computer early to test it out. There is even a full screen video feature to use when you aren’t bidding.
10. Check out our “How It Works” steps on our home page @ www.mmauctions.online
11. The bid button is guaranteed to be up-to-date with real time but video and audio are not. Video & audio depends 100% on the speed of internet provided for us at the auction site.
12. Call us with any questions or if you need help @ (877)725-3636 or email info@mmauctionservices.com.
